

Acoustic Consultant

(12 months fixed term, maternity cover)

Build an exciting career in an award winning consultancy that's making waves in the field of Acoustics!

If you have a passion for acoustics and the strength of knowledge to make an impact, Edinburgh Napier University would like to hear from you!

Why join us?

RMP Acoustics is one of the UK's largest acoustic consultancies with over 20 consultants practicing from offices across the UK and France. We provide expert advice on sound insulation, architectural acoustic design, industrial noise reduction, environmental noise and vibration control to a number of high profile clients across retail, leisure, education, hospitals and defence to name a few. Our consultants have been key in the success of a number of exciting projects including The Quatermile (an extensive redevelopment of the 19-acre site of Edinburgh's old Royal Infirmary), Rowett Institute (Aberdeen) and the Scottish Government offices in Edinburgh. Find out more at www.rmp.biz

Edinburgh Napier University is committed to supporting equality in the workplace and encourages diversity. We currently hold a bronze Athena SWAN institutional award.

What are we looking for?

We are looking for an experienced and talented Acoustic Consultant to join the existing team undertaking a variety of tasks including the execution of acoustic assessments on a variety of high profile environmental and architectural projects as well as providing expert acoustic advice on a range of buildings such as schools, hospitals and residential developments.

You should have an appropriate degree in Acoustics or other related discipline as well as experience working within an acoustic consultancy. Experience of tendering for projects and building client relations is essential to the role as well as the use of acoustic modelling packages such as SoundPLAN and Odeon.

Applicants must be either a current Associate or Full Member of the Institute of Acoustics

How will we reward you?

Salary: Grade 5 (£31,076 - £37,075 pa)

The University also offers an extensive personal benefits package as well as discounted membership to our innovative gym & leisure facilities across various campuses.
