

CONSULTANTS & SENIOR CONSULTANTS

RBA Acoustics, an IOA and ANC award winning acoustic consultancy practice, is seeking intelligent and hard-working individuals with around 2 to 5 years' experience to join our team based in London.

You would be involved in a wide variety of projects from cinema design to environmental impact and be able to provide ongoing support and guidance to less experienced consultants. You should have a proven background in consultancy; specifically architectural and environmental acoustics.

The position is ideally suited for someone wanting to take the next step in their career. RBA have a proven record in providing a challenging working environment and encourage and support consultants at all levels to fulfil their potential; whether that be developing client relationships, project management or technical excellence.

RBA offer a competitive salary, bonus scheme and an employee benefits package alongside a working atmosphere that is second to none.

If you think RBA is the right career move for you please email your covering letter and CV to jessica.robson@rba-acoustics.co.uk.
