

ACOUSTIC CONSULTANTS REQUIRED

As our business continues to grow, we are looking for **experienced acousticians** in order to drive our vision forward and continue to provide the highest standard of service to our clients.

We are looking for outgoing candidates who want to be an integral part of the progress of their company, going beyond the engineering tasks and delivering excellence on a daily basis.

The right candidates will meet the following requirements:

For **Assistant** to **Consultant** Level:

- 1 to 4 years experience in acoustics and AMIOA or MIOA membership
- Full UK (or european equivalent) driving license
- Ability to manage small to medium scale projects

For **Senior** to **Associate** Level:

- At least 5 years experience
- Ambition to build a reputable company and improve processes
- Provide leadership and technical support to the existing team
- MIOA or FIOA status
- Extensive client contacts
- Excellent communication and commercial skills
- Demonstrable experience in environmental and architectural acoustics

Our staff being our best asset, we strive to offer an enjoyable working environment in our London and Manchester offices.

If you are keen to take up a challenging and rewarding position, please send your CV to careers@clementacoustics.co.uk.
