

Senior Acoustic Consultant – Reading Office

We are currently seeking a Senior Acoustic Consultant to play a key role in the development of our UK Acoustics business. Working as part of our existing team in the Reading Office, the successful candidate will have an excellent opportunity to contribute to both the commercial and technical growth of our Acoustics business within the UK. Candidates will have a relevant first degree or post-graduate qualification (e.g. Diploma in Noise & Acoustics); along with corporate membership of the Institute of Acoustics; and should also be able to demonstrate excellent technical knowledge and report writing skills. The successful candidate should have the ability to work independently with minimal supervision and will also take a role in leading the Acoustics team. A full driving license is essential.

This is an excellent opportunity to join an established yet small team at a significant time during an exciting period of growth; and with outstanding scope for progression and a real opportunity to contribute strongly to the continued development of the skills base within the group.

Our acoustic service is varied including: environmental noise and vibration; statutory nuisance; construction; transportation; manufacturing; retail; waste disposal and recycling; gas/energy; architectural and sound insulation testing and expert advice in planning inquiries. We maintain a range of noise and vibration instrumentation embracing state-of-the-art technology. Our work is supported by a comprehensive noise mapping and prediction capability. We utilise CadnaA and other proprietary software to model noise sources from roads, railways, aircraft noise, construction sites and industry and have also developed in house calculation tools.

Salary is negotiable. There is a staff pension scheme in place and the annual leave entitlement is 23 days plus Bank Holidays. Flexible working arrangements are in place. ACCON supports continuing professional development.

Please apply with a CV to: graham.parry@accon-uk.com
